ModuShine

One system. Endless possibilities.

ModuShine

Endless possibilities for your home: combine the base, lamp shade and E27 bulb to suit your style and lighting needs. The lights in this system are easy to assemble and made from a high percentage of recycled materials – for lighting that is beautiful, durable and thoughtfully designed.

It's that simple:

Create your own light fixture in three simple steps with ModuShine:

1. Choose a base

2. Choose a shade

3. Choose a light bulb

1. Choose a base

Bollards (3 sizes)

E27 | max. 15 W | 220–240 V | 30.000 h
 ⚙ Anthracite ▢ Aluminium/ABS/polycarbonate

1 ModuShine Bollard Large

↕ 1900 ø130 mm
 95753

2 ModuShine Bollard Medium

↕ 1230 ø130 mm
 95752

3 ModuShine Bollard Small

↕ 560 ø130 mm
 95751

Wall and ceiling socket

E27 | max. 15 W | 220–240 V | 30.000 h
 ⚙ Anthracite ▢ Aluminium/ABS/polycarbonate

ModuShine Ceiling Bracket

↕ 135 ø170 mm
 95755

ModuShine Wall Bracket

↕ 170 ø170 mm
 95756

ModuShine Wall Bracket double

↕ 170 ø170 mm
 95757

¹All base components are made from over 90 per cent recycled aluminium (average weight percentage of the total aluminium content).

²All lamp shades contain over 85 per cent recycled plastic; 95759 also contains > 90 per cent recycled aluminium (average weight percentage of the total material content).

2. Choose a shade

1 ModuShine Shade Ferina

↕ 220 ø100 mm
 ⚙ Anthracite ▢ Aluminium/ABS/polycarbonate
 95759

2 ModuShine Shade Trivana

↕ 200 ø125 mm
 ⚙ Anthracite ▢ ABS/polycarbonate
 95762

3 ModuShine Shade Mavira

↕ 220 ↔ 106 ↗ 106 mm
 ⚙ Anthracite/White ▢ ABS/polycarbonate
 95763

4 ModuShine Shade Zerava

↕ 235 ø90 mm
 ⚙ Anthracite/White ▢ ABS/polycarbonate
 95766

5 ModuShine Shade Velurio

↕ 235 ø105 mm
 ⚙ Anthracite/White ▢ ABS/polycarbonate
 95765

6 ModuShine Shade Selaro

↕ 240 ø90 mm
 ⚙ Anthracite/White ▢ ABS/polycarbonate
 95767

7 ModuShine Shade Varino

↕ 200 ø165 mm
 ⚙ Anthracite/White ▢ ABS/polycarbonate
 95760

8 ModuShine Shade Marento

↕ 195 ø165 mm
 ⚙ Anthracite/White ▢ ABS/polycarbonate
 95764

9 ModuShine Shade Taleno

↕ 175 ø170 mm
 ⚙ Anthracite/White ▢ ABS/polycarbonate
 95761

3. Choose a light bulb

Smart Home light bulbs

More individuality, comfort, and security, with a choice of RGBW or Tunable White.

🛒 29155, 29156

Insect-friendly light bulbs

Gold light with a colour temperature of 1500–2700 K can reduce the amount of insects attracted to the light

🛒 28522, 28973

Energy-efficient light bulbs

Increased efficiency, lower energy consumption and a longer lifespan.

🛒 29219, 29226

4. Choose accessories (optional)

ModuShine Motion Sensor

max. 50 W, 5 V

⌀ 26 ⌀ 34 mm

🌀 Anthracite 🧱 ABS/polycarbonate

95758

ModuShine Ground Spike

⌀ 290 ⌀ 102 mm

🌀 Anthracite 🧱 Aluminium
95754

suitable for 🛒 95751 & 🛒 95752

ModuShine at a glance

Easy installation: The lamp shade and base can be connected quickly and without tools thanks to the bayonet fitting. The light bulb can be easily fitted ahead of time.

Maximum modularity: Can be expanded, adapted and repaired at any time – for a future-proof investment.

Quick-Plug makes installing your wall and ceiling lights particularly easy.

Ideal for use in sheltered outdoor areas thanks to its IP44 (splashproof) rating.

Which light colour is the right one?

Tunable White & RGBW: Experience light your way: from dynamic color accents to atmospheric white light.

3000 K Warm white: Cosy lighting for patios, entrances and gardens – pleasant and inviting.

2200 K Gold light: Provides a warm soft glow for a more insect-friendly outdoor lighting.

4000 K Neutral white: Bright, practical lighting for paths, driveways and workspaces around the house.
